MEMORANDUM FOR: Chief Personnel Section, DPD-DD/P

SUBJECT : Reassignment of [redacted] 25X1A

1. Apparently there are several schools of thought concerning whether or not [redacted] be reimbursed for portion or all of the months rent he lost as a result of his PCS move to [redacted] at our direction. 25X1A 25X1A

2. [redacted] thoughts along this line are very understandable. This too could be the USAF stand to move certain military personnel but I sincerely doubt it. This doesn't mean that the USAF has not moved personnel in violation of their own policies. 25X1A

3. I do not want to become party to movement of military personnel if it results in a financial loss to any member being involved. I feel strongly that the USAF would not move people as we do without first giving adequate consideration to the individual. This in essence is what we are doing. Normally, if the USAF moved an individual overseas with a specific reporting month and the individual did not receive at least 30 days pre-embarkation leave and travel time the reporting month would be slipped. This happened re: [redacted]. The reporting month was January and we requested it be changed to February to allow for 30 days leave and travel time to Aerial Port at Charleston Air Force Base, South Carolina. Further, the USAF does not normally move people even with a minimum of two weeks notice. We did this re: [redacted] USAF approved this action provided; (1) he agreed to it, and (2) there was no financial loss involved. We must use USAF as a guide in movement of our people internally. 25X1A 25X1A

4. I recommend that our internal policy be that we comply with USAF directives to move our military personnel:

a. Provide with the 60 days notification prior to PCS, AFM 35-11.

b. Reporting sooner if the individual agrees to it with no financial loss involved. This individual himself can best determine this.

This policy is presently being used, as you know, for initial military detailees.

5. I feel if we are not going to assume financial loss when necessary, then we must strictly comply with USAF directives for movement of military personnel with deviation as listed in order that each individual receives everything he would receive if he were in the military and not on detail with the Agency. I cannot feel any other way about it.
